

AUTUMN 2024 NEWSLETTER

Hi Everyone,

Welcome to our Autumn Newsletter. Its hard to believe that it is already May, but the cooler weather and shorter days are a stark reminder that we are well into Autumn.

With New Zealand officially in a recession, we know that its challenging times for many and we would like to take the opportunity to thank you for choosing Showerman - we really do appreciate our customers. On a brighter note, its great to hear of new projects and developments that are underway, and we feel optimistic about the balance of 2024. We hope that you enjoy our Newsletter, and we look forward to working with you again soon.

Best wishes

Jo, Dion and the Team at Showerman

Why Choose Showerman?

Showers, like many aspects of the building and construction Industry, have become an increasingly specialised field, and for this reason, the number of Builders and Plumbers that choose Showerman is increasing year on year.

So why should you choose Showerman? Below are a few reasons why we think, we're a great choice:

- Showerman has been Manufacturing and Installing Showers across the Bay of Plenty and Waikato since 1997 so we know what we're doing
- We have a Showroom and Factory in Mt Maunganui and Satellite Premises in Hamilton so we can get product on site, when you need it
- Our product has the best components that we can source - we identify great suppliers and partner with them to create a quality product which is competitively priced
- We aim to provide exceptional service to every customer and this is substantiated by our 5 STAR Google Reviews
- We provide a one stop shop - Manufacturing & Installing quality Showerman Showers. We also supply, so if you feel comfortable installing, our Team are happy to share our Best Practice Installation tips

SHOWERMAN

PROJECT HIGHLIGHT

A stunning Generation Homes show home featuring

- Semi Frameless Showerman Shower with a pivot door and Chrome Hardware fitted to tiles
- Custom made 4mm Mirror with polished edges to ensure a perfect fit

BEFORE AND AFTER FEATURE

While most of our Business is installing new Showerman Showers into new or prepared areas, we also have a "Shower Replacement" division.

These jobs are typically removing leaking or dated Showers, preparing the area and installing a new Showerman Shower.

The addition of a new shower is a great way to modernise a bathroom and add value to your home or investment property.

Here are some photos from a recent shower replacement:

OUR TEAM

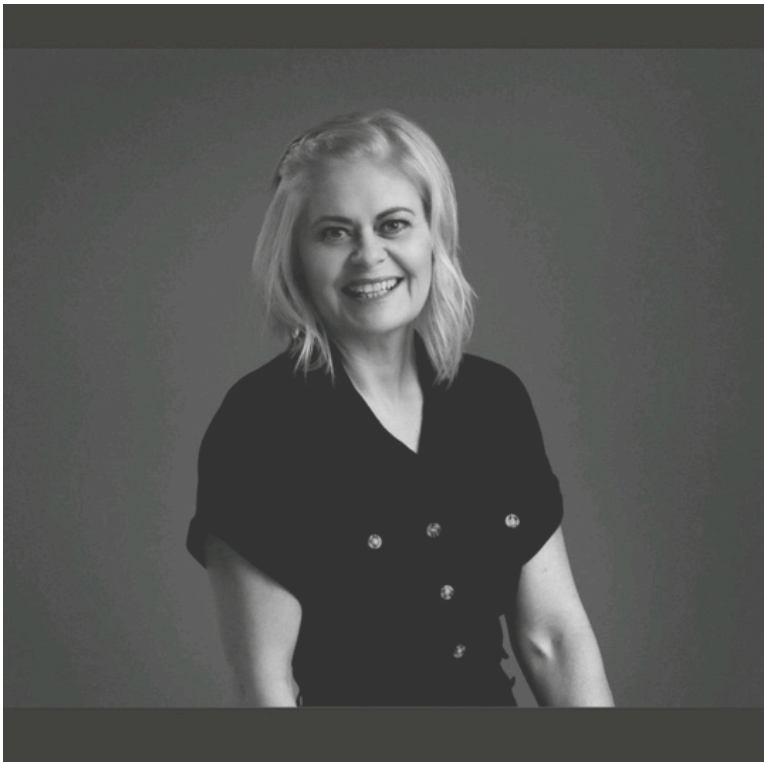

We would not be the company we are today without our brilliant team. They have oodles of energy, passion, expertise and LOVE what they do.

**This quarter we feature our
Operations Manager Juanita Sinnett & Office Manager Caro Prescott**

Juanita Sinnett | Operations Manager

I joined Showerman in June 2021 as the Operations Manager and have enjoyed working with the team to put systems in place to ensure the smooth running of the business between and Factory, the Installation Team and our Customers. Although we do our best to plan last minute changes can occur and this involves a lot of “thinking on your feet”, and consulting with a range of people to ensure that the installation gets across the line on time. On a personal front, I am a mother of 4 and Nana to 5 and I have lived my life in the Mount/Tauranga area. In my time off I enjoy going to the gym, walking up the Mount and looking after my Grandkids as family is important to me. I like being creative when I have time and love travelling with my husband.

Caro Prescott | Office Manager

I joined Showerman in December 2023 as the Office Manager and enjoy working with a dedicated and friendly team. My previous background in real estate, banking and production co-ordination stands me in good stead to ensure the smooth running of the office and more importantly the ultimate in customer service.

On a personal note, I have lived in Papamoa since 1997 and in my “down time” you will find me in the gym working towards my next body-building competition. I enjoy spending time with friends, travelling and baking for the family and occasionally the Showerman team.

CUSTOMER REVIEWS

Great team to work with. We had problems with other work that held up the shower installation and they were really accommodating. When they finally went to install they found damage from another sub contractor and pointed it out and deferred the work while we had it corrected. Timings were made to accommodate us and they arrived on time and were very professional. We now have a great shower, their work set the room off. Can't speak highly enough of the team from Showerman.

CUSTOMER REVIEWS

Just a quick email to say how impressed we were with Brendon's work removing our old shower and installing the new one. He came on time each day and was keeping us updated on where he was at with the installation. It was a very professional job done and would definitely recommend your company and Brendon to others.

Thanks
